Valued Owner, Engineer, and Contractor:

Marriott International, Inc. accepts the use of **FlowGuard Gold®**, **Corzan®** and **BlazeMaster®** CPVC pipe and fittings as a viable alternative to metallic systems in all Marriott Hotel brands. Copper tube size (CTS) FlowGuard Gold pipe and fittings, manufactured to standard dimension ratio 11 (SDR 11), are available in sizes ½" to 2". Iron pipe size (IPS) Corzan® Industrial Systems are available in Schedule 80 in diameters from ¼" to 24". Iron pipe size (IPS) BlazeMaster pipe and fittings, manufactured to a standard dimension ratio 13.5 (SDR 13.5) are available in sizes ¾" to 3". **FlowGuard Gold, Corzan, and BlazeMaster CPVC piping systems are the only acceptable CPVC brands for all Marriott Hotel brands.** For a complete list of FlowGuard Gold, Corzan, and BlazeMaster pipe and fittings manufacturers, please visit [www.lubrizolcpvc.com](http://www.lubrizolcpvc.com) or call +1.855.735.1431.

CPVC was first developed in 1959 by The Lubrizol Corporation, (formerly BF Goodrich Performance Materials). Since then, Lubrizol has continued to lead innovation and remains the global leader in CPVC technology. We believe that specifying FlowGuard Gold, Corzan and BlazeMaster CPVC pipe and fittings exemplifies our commitment to using only the highest quality products in our hotels.

If you have any questions, please feel free to contact me.

Regards,

Terry C. Smith
